

LEARNING OUTCOMES

Leadership

Students demonstrate knowledge and understanding of:

- What leadership is

Students could demonstrate such knowledge and understanding when they:

- Describe the meaning and characteristics of leadership
- Identify the ability of leaders to influence people to achieved desired goals, through direction, encouragement, sensitivity, consideration and support
- Describe how leadership can be exercised throughout the YES Directorships
- Recognise that leaders exercise power and influence

Students demonstrate knowledge and understanding of:

- Leadership behaviour

Students could demonstrate such knowledge and understanding when they:

- Explain how and why leaders set goals and create a clear vision or dream for the company
- Explain how and why leaders build and empower teams, and lead people in teams
- Explain how and why leaders delegate, monitor goals and seek input, give feedback and evaluate progress
- Explain how and why leaders make decisions when appropriate
- Explain the relevance and importance of ethical leadership

Students demonstrate knowledge and understanding of:

- What makes a leader effective

Students could demonstrate knowledge and understanding when they:

- Identify leadership styles appropriate for a YES Company
- Describe how leaders can motivate team members and encourage effective cooperation
- Explain how leaders should lead meetings and encourage participation
- Describe how leaders develop an effective human resource function
